

MyHealth Patient Registration Guide

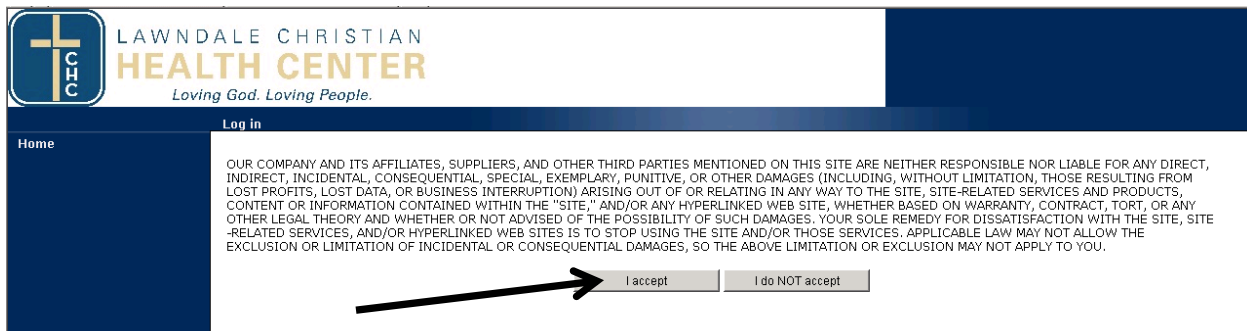

- 1) The home page for MyHealth is shown below. In the upper-right corner, you have the option to select your language preference. New users should click “Register” to begin the registration process.

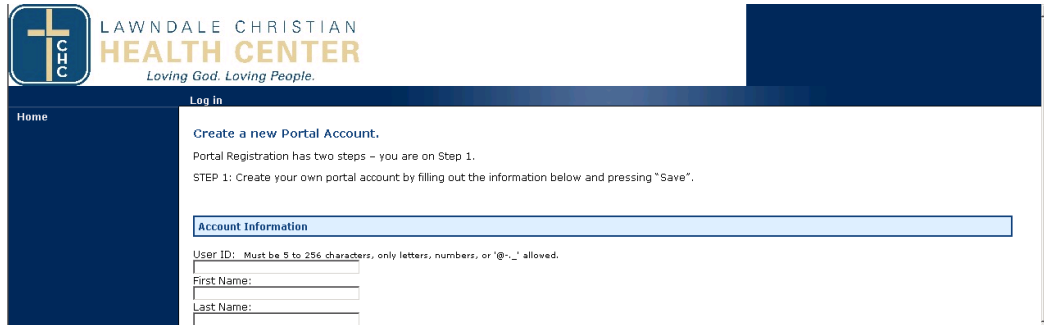

- 2) Click “Register Today!” to continue the registration process.

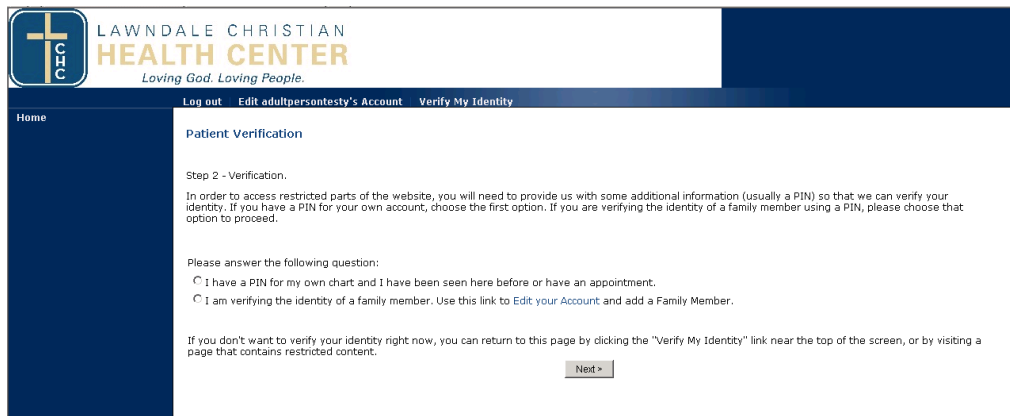

- 3) On the next screen (as shown below), you will see a liability waiver. We invite you to review this statement. Click “I accept” to continue the registration process.

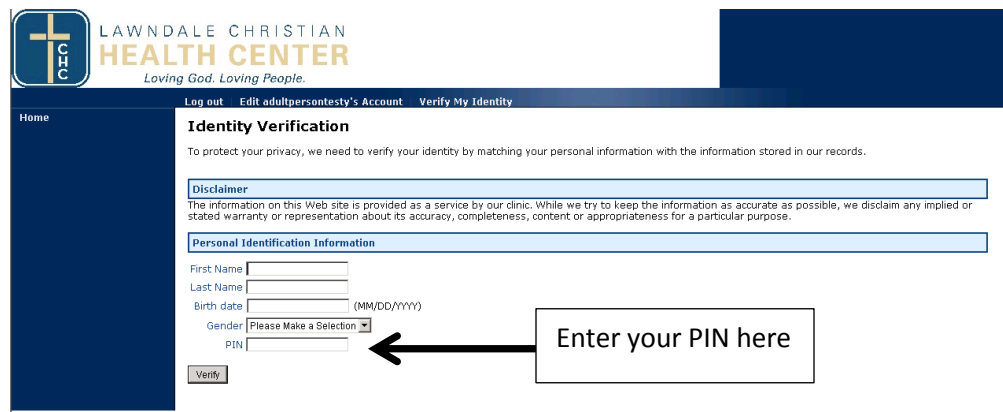

- 4) Next, you will be asked to create a user ID and password for your MyHealth account. Please fill in all of the fields and submit your information when completed.

- 5) You will next be asked to verify who you are registering to use MyHealth. Select the first option if you are registering yourself and select the second option if you are registering a child or other family member.

- 6) Enter your first name, last name, date of birth and gender in the provided fields. You will also need to enter the PIN you were given in the PIN Letter given to you in the clinic.

- 7) You have finished registration! You must also select a preferred method of contact – this will help us contact you in a more efficient and convenient manner.
